

Portia Lounge

Technical Specifications

Construction & Materials

- Seat:** High grade CAL 117-2013 polyurethane foam 5½" thick in the seat and 4¾" thick in the back
- Base:** Internal wood components are manufactured using plywood, while chair frames are manufactured using Maple; all chair joints are mortised and tenoned, screwed and glued for maximum strength and durability; legs are 10" tall; non-marring nylon glides included in each leg at floor level.

Features

- Portia Lounge boasts a gracefully angled arm design that will complement a variety of working styles.
- Whether you looking to outfit the front entrance, an executive office, private nook, or anything in between, Portia portrays the level of comfortable elegance you are looking for.
- Portia Lounge includes a Club Chair, Settee, and Sofa models.
- Portia uses renewable and recycleable materials, allowing it to meet/exceed indoor air quality and environmental certifications.
- Find inspiration for upholstery options with our [Textiles Partners](#).
