

# Gleem Seating

## Statement of Line

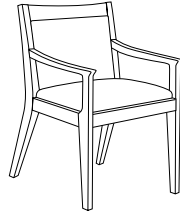

Experience the staying power of classic design paired with keen, modern interiors. Available in three arm styles, fully-upholstered or with clean out backs, and in standard and bariatric sizes, Gleem's proven steam bending technique and handcrafted construction create a long lasting, superior chair. Bariatric models support users up to 400lbs. And the entire collection features a wall saver design, preventing the chair back from hitting and marring walls.
