INDIANA
FURNITURE

INDIANA FURNITURE
PRODUCT WARRANTY

Indiana Furniture warrants the products manufactured by it to be free from defects in material and workmanship as follows: (a) casegoods for a period of twelve (12) years of single shift service from the date of purchase; and (b) seating for a period of five (5) years of single shift service from the date of purchase with the exception of the Marquee Series, which shall be covered for a period of twelve (12) years of single shift service from the date of purchase.

During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (at its option) any product, part, or component covered by this warranty and sold after June 1, 2010, which fails under normal use as a result of a defect in material or workmanship. Indiana Furniture will repair or replace the aforementioned product, part, or component with a comparable product, part or component.

This warranty extends only to the original purchasers who acquire new Indiana Furniture products through authorized dealers, or from others specifically authorized by Indiana Furniture to sell its products. Any product, part, or component must have been installed and maintained according to Indiana Furniture's published instructions in order to be eligible for coverage under this warranty and must not have been subject to misuse or abuse. Any improper assembly, modification, alteration, attachment, misuse, abuse, or negligent use by the purchaser or the dealer will void this warranty. Indiana Furniture does not warrant the performance of the product when used in combination with other than original Indiana Furniture products.

This warranty covers all defects encountered in the normal use of Indiana Furniture products, but does not apply to the following:

- damage caused by carrier
- COM/COL (Customers Own Material/Leather) specified
- color, grain or texture of wood and other covering materials due to natural variations
- changes in wood or fabric color due to aging or exposure to light
- defects or damages arising out of the coverage of furniture tops with glass or other foreign materials
- normal wear and tear

As the manufacturer of your furniture, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to resolve, as quickly as possible, any problems you may have within the terms and conditions of this warranty.

If you encounter a defect covered by the foregoing warranty, you should contact the dealer from whom the product was purchased. In the event the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the product.

You may contact us as follows:

This document includes all of the warranties given and remedies available with respect to the products manufactured by Indiana Furniture. Indiana Furniture disclaims any other warranties, whether expressed or implied, statutory or otherwise, to the extent legally permissible.

TO THE EXTENT ALLOWED BY LAW, ANY IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY DISCLAIMED.

INDIANA FURNITURE SHALL NOT BE LIABLE FOR LOSS OF TIME, CONVENIENCE, COMMERCIAL LOSS OR INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM ANY PRODUCT DEFECT.

VENEER

Veneers on exposed surfaces are select grade sliced Cherry or Maple and are carefully selected and matched to assure proper balance and consistency.

TOPS

Wood veneer tops are 5-ply balanced construction, 1 3/16" thick with solid hardwood rims. Tops are mitered on all four corners. Tops are shaped on all four sides for complete design appeal. Tops are available in four different edge designs. Grain direction runs left to right unless otherwise noted.

CHASSIS CONSTRUCTION

Tops, end panels, and modesty panels are assembled using European-style mechanical fasteners and heavy-duty joining brackets. Veneered parting rails assure a sturdy pedestal. All units are equipped with heavy-duty adjustable glides to ensure proper leveling and compensate for uneven floors.

DRAWERS

All drawer fronts are standard with elegant Cherry or Maple veneer faces. Fronts are 3-ply construction and 3/4" thick with vertically matched grain. Drawer sides and backs are constructed with 7/16" thick hardwood sides and 5/32" hardboard bottoms. Drawers feature 5-sided construction allowing for easy removal of drawer fronts. Drawer interiors are sanded, sealed, and finished to provide for a smooth, quality feel and appearance.

DRAWER SUSPENSION

File drawers and box drawers feature high quality, black progressive full extension slides with precision steel ball bearings to ensure a smooth, quiet operation. All suspensions have a lifetime warranty.

FILING HARDWARE

All file drawers are standard with custom fitted filing systems designed to accommodate a variety of filing requirements. Desk file drawers provide legal filing front to back, and legal filing or two rows of letter filing side to side. Credenza/return file drawers provide legal filing front to back, and legal or letter filing side to side.

LOCKING MECHANISM

All pedestals and files feature locking. Removable lock cylinders allow for units to be re-keyed at a later date if required. Units are shipped randomly keyed as standard.

CORD MANAGEMENT

Black grommets are standard in back panels of assembled returns, bridge units, kneespace credenzas and hutch units. A grommet is also standard in tops of assembled corner units. Grommets may be ordered in the tops of assembled double and single pedestal desks and component worksurfaces. Undersurface cord managers are also available for additional cord management. See page 64 for worksurface grommet options. See page 527 for undersurface cord managers.

FINISH

Revolutions features an Ultra-Violet finish on all exposed surfaces by utilizing spray UV and roll coat UV technology. Our durable UV finish makes surfaces less likely to be damaged by abrasions, scratches, water, alcohol, stains and common chemicals. Our UV finish magnifies the beauty of our wood finishes and reduces the darkening, ageing, and yellowing process of wood furniture that naturally occurs over time. Once cured by UV lighting, our UV finish does not emit irritable toxins, formaldehyde, or solvents into the air creating safe work environments within new furniture installations. Our UV finish greatly reduces hazardous air pollutants which contribute to smog formation, and our UV finish is recaptured over and over again reducing waste material. Automated finish spray technology and enclosed spray booths eliminate exposure to sprayed chemicals in our factories.

For ordering options, see page 63.

For standard options, see page 64.

HOW PEDESTALS AND FILES ARE ATTACHED TO TOPS

Pedestals and files are attached to tops by metal to metal fasteners. This is for the future reconfigurability of units. The diagram shows how tops are fastened with metal inserts into each top. Metal inserts are placed in all possible locations of the top for any pedestal or file configuration. Post and Cam systems are also used for the attachment of tops to pedestals and files.

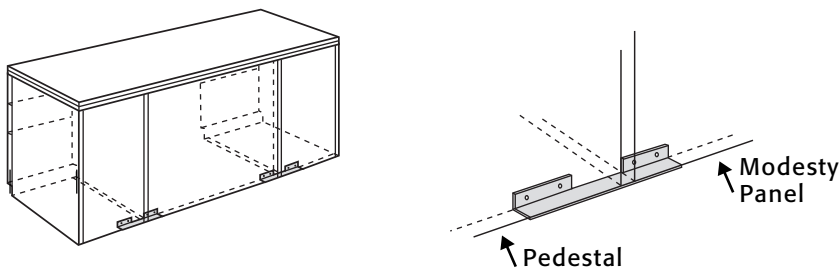

HOW DESK MODESTY PANELS ARE ATTACHED TO PEDESTALS

Desk modesty panels are attached to pedestals by metal brackets. The diagram shows the bracket connecting the modesty panel to the inside of the pedestal in the kneespace. When ordering assembled units, these brackets are already used to assemble the unit. When specifying component modesty panels, two brackets will ship with each modesty panel for field assembly.

HOW CREDENZA/RETURN MODESTY PANELS ARE ATTACHED

Credenza/Return modesty panels are attached to pedestals and files by metal brackets. The diagram shows the bracket connecting the modesty panel to the inside of the pedestal or file in the kneespace. When ordering assembled units, these brackets are already used to assemble the unit. When specifying component modesty panels, two brackets will ship with each modesty panel for field assembly.
