Open spaces really come together with the modular, ganging components from Isla Lounge Collection. Create conversation settings or private areas by mixing components to fit the space and needs of the environment. Two arm heights, optional powder coated metal legs, and arm caps of wood or solid surface, make Isla Lounge the solution for high traffic seating. Power and data options keep everyone working on-the-go.

### Construction

- Exposed wood parts are kiln-dried hardwoods and internal parts are structurally engineered hardwood plywood.
- Exposed wood frame parts are selected from the highest grades of hardwoods free of splits, discoloration, pits, shakes and wormholes.
- Joints are double doweled or mortised and tenoned, screwed and glued for maximum strength and durability.
- Non-marring adjustable nylon glides included in each leg at floor level.
- Stretch webbing ensures a comfortable seating application.

### Finish

- Indiana Furniture uses a multi-step hand finishing process on all exposed wood frames.
- Each frame is hand sanded prior to being finished.
- A catalyzed varnish finish which offers durability, lasting beauty and resistance to normal wear.
- AMP Anti-microbial additive inhibits the growth of bacteria and fungi, including mold and mildew, on finished surfaces.
- All chair finishes correspond with Indiana Furniture casegood finishes to assure a uniform color appearance in over 31 finishes.

### Upholstery

- Seat and back poly comply with CAL 117-2013
- High grade foam is 3 1/2" thick in the seat and 2" thick in the back
- A wide variety of contemporary and traditional styles in vinyl, leather and fabrics are all pre-graded for ease of use

### Certifications

- ETL Environmental Certification
- BIFMA Level 2
- ANSI/BIFMA Certified
