

Bow Tie Guest

Technical Specifications

Construction & Materials

- Seat:** High grade CAL 117-2013 polyurethane foam 1½" thick in the seat and 1" thick in the back. All seats feature corner blocking
- Base:** Exposed wood frames are manufactured using European Beech and are free of spirits, discoloration, pits, shakes, and wormholes. All chair joints are double-doweled or mortised and tenoned, screwed, and glued for maximum strength and durability. Frames are individually hand assembled and sanded prior to being finished.

Features

- Three back styles, including two sculpted upholstered back models and one exposed wood back models, and clean lines form a versatile collection of wood guest seating.
- Effortlessly integrates with designs spanning from contemporary to traditional.
- Coordinating full back and clean-out back options are a perfect fit for healthcare, education, and other markets.
