

Clutch

Technical Specifications

Construction & Materials

Seat:	Manufactured plywood, 3" High Grade Molded Polyurethane
Back:	Formed with tubular steel frame, 1" High Grade Polyurethane
Arms:	Black polyurethane and chrome
Base:	Black nylon or polished aluminum 5 star base
Casters:	60mm black dual-wheel casters, black, non-marring soft caster, black guides or chrome-rimmed hard surface caster with roll control

Features

- Clutch is a build-your-own-features chair. Choose the height that fits the environment, the arm that supports the task, and the base that works best for the project.
- Clutch is your seating solution for any user with the High or Mid back heights, lumbar support and flexible suspension providing all day comfort.
- A variety of arm options, including armless, black/chrome height adjustable T with sliding and pivot arm pad, black/chrome height and width adjustable T with sliding and pivot arm pad, black/chrome height adjustable T with fixed arm pad, black/chrome height and width adjustable T with fixed arm pad, or fixed black cantilever arm.
- Clutch offers four control options with knee tilt and synchro knee-tilt, along with optional seat slider, for maximum comfort.
- Three base options in black, aluminum, or powder-coated silver and four caster and glide options for carpet, hard surfaces, and everything in between.
- Contoured waterfall edge seat features molded foam with rounded, sloped front to relieve pressure on the back of user's thighs and knees to improve blood circulation to their lower legs.
- Pneumatic lift for simple and easy height adjustment and tension control to outfit a diverse range of users.
- Textiles are sewn with double stitch seams. See our broad range of options at www.IndianaFurniture.com/resources/textiles.
- Ships fully assembled for your convenience.

Certifications & Compliance

- ETL Environmental Certification for compliance with VOC emission concentrations.
- BIFMA level® Certified for environmentally-preferable and socially-responsible office furniture
- BIFMA Compliant® Certified for meeting mechanical standards that focus on safety and durability
- Seat and back comply with CAL 117-2013.
- TSCA Title VI (formerly CARB) Compliance.
- U.S. Green Building's Leed Contribution.
