

Gesso Tables

Technical Specifications

Construction & Materials

- Veneer:** Exposed surfaces feature select-grade, plain-sliced hardwood Cherry, Maple, American Black Walnut, White Oak, and composite veneers, carefully selected and matched to assure proper balance and consistency. Our veneer features UV Advantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology.
- Laminate:** HPL is made of woodgrain laminates fused to particleboard core. Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance.
- Tops:** 1 3/16" thick. 3-ply balanced construction with 3mm wood edge-banded rims contoured to selected profile. Grain direction runs left-to-right, unless otherwise noted.
- Chassis:** Chassis are fastened by using high quality European fastening systems to assure maximum strength. All units ship with heavy-duty, adjustable glides to ensure proper leveling and compensation for uneven floors.
- Drawers:** All drawer fronts are standard with elegant, vertically matched veneer faces. Drawers feature 5-sided construction with 3/4" 3-ply fronts, 7/16" thick hardwood sides and 5/32" hardboard bottoms. Units with 36" wide file drawers feature 1/4" thick drawer bottoms for maximum storage strength. Drawer interiors are sanded, sealed, and finished to provide for a smooth, quality feel and appearance. All drawers feature full extension, progressive action slides with precision steel ball bearings. Box and file drawers are tested for 100lb capacity while Lateral files are tested for 200lb capacity. All suspensions have a limited lifetime warranty.
- Storage:** All hinged doors include soft close hinges. Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure.
- Locking:** All units with file drawers feature standard locking. Lock core available in black or silver. Removable lock cylinders allow for units to be re-keyed at a later date if required. Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.
