One10

One10 Conference provides a scalable aesthetic with a versatile range of tables that provide solutions for casual to formal meetings that can support individual technology, the sharing of personal technology, or communal technology equipment. From conference tables, meeting tables, TV stands, and Parsons Tables, the collection provides flexibility for tailored applications, virtually anywhere. The clean, contemporary look is enhanced by the straight-grain color palette of wood veneers and textured laminate accents.

Bow Tie

The Bow Tie Guest chair collection harmonizes classic design with modern panache. Combining elegance and grace with scale, proportion and functionality, these stackable chairs are offered in a wood slat back, half upholstered back, and a fully upholstered back with the ability to stack 5 chairs high.

Canvas

enhancements

Canvas enhancements highlight a textured thermally fused laminate pallet along with moving work surfaces with the Secret Table and the Sit to Stand option. The Secret Table is a stunning option that utilizes expanding table technology to create more work space for the user. The user can simply create a work surface larger on demand or convert a personal work area into a collaborative meeting space in seconds. The Sit to Stand option is available in all standard desks and returns. Our design is unique in its cleanliness in the sitting position and the safety built into the technology.

Carreta

curve

Carreta's modern mix of color, shape and function just took a turn for the better. Carreta is now available with three simple curved units - full inside back, full outside back and open bench.
